

Take the LEAD

Love / Equip / Assist / Disciple

LEAD Teachers at the Good Shepherd Christian Academy are volunteer teachers who feel called to serve the Lord through education. Adhering to the mission of the GSCA, LEAD Teachers love, equip, assist and disciple students while providing a high quality, bilingual education rooted in the Gospel of Jesus Christ.

LEAD Teachers are encouraged to teach for the students' futures, not to a standardized test. LEAD Teachers are provided a unique opportunity to share their personal testimonies and faith in the classroom and lead students through Bible study and prayer times. LEAD Teachers instruct only in English, as the goal is to immerse students in the English language.

LEAD Teachers at the GSCA are considered volunteers of Baptist Medical and Dental Mission International, and are expected to raise financial support to fulfill the year-long commitment. LEAD Teachers will serve under the supervision and direction of the GSCA Director and Bilingual Program Coordinator.

Throughout the academic year, LEAD Teachers will be immersed in the Honduran culture and experience the rewards of serving on the Mission Field, while having the opportunity to explore the country through guided tourist trips.

A Bachelor's Degree is required for LEAD Teachers, and a teaching certificate is preferred. **To apply for a position as a LEAD Teacher at the Good Shepherd Christian Academy, contact BMDMI Missionary and Bilingual Program Coordinator Brooke Pizzati at pizzati@BMDMI.org.**

Ministering to those in need

Headquartered in Hattiesburg, BMDMI is a missionary sending organization that specializes in short-term mission trips focused on providing medical and dental care to remote areas of Honduras and Nicaragua.

Baptist Medical & Dental Mission International exists under the Lordship of Jesus Christ to evangelize the lost, disciple the saved, and minister to the needs of the poor. Since its establishment in 1974, BMDMI has founded more than 150 churches in Honduras and Nicaragua and treated more than two million patients with medical and dental care. BMDMI has more than 20 missionary family units serving in Honduras, Nicaragua, and most recently, Nepal. www.BMDMI.org
